Forensics team blossoms in tournament

Five members of Regina Dominican's forensics team braved the snowstorm of January 22 to take part in the Forensics Festival at Stevenson High School – and were rewarded with winning results.

Junior Ann Romei took first place in Storytelling, an exhibition event held at this tournament only and judged by children. The sophomore team of Tammy Brasic and Megan Reisberg took third place in Dramatic Duet Acting. Regina Dominican's freshman team members also did well in Oratorical Declamation, with Dagny Broome taking fifth place and Brigid Maniates coming in sixth place.

The January 22 Forensics Festival followed Illinois High School Association (IHSA) rules. Regina Dominican's team traditionally participates in Chicago Catholic Forensic League tournaments, but also branches out into other leagues.

"All in all, it was well worth braving the blizzard," noted Ms. Dianne Weinand, moderator of the forensics team.
