Regina's Mathletes on their way to State

Regina Dominican's Mathletes team came home third place after participating in the regional competition, held February 26 at Northeastern Illinois University. As a result, more than half of the team members qualify for the state competition.

Headed to state are the following qualifiers:

The Algebra I Team: freshmen Colleen Barr, Tahra Eissa, Krystina Gralak, Mia Gutsell, Emily Kemnetz and Maura Lakowski. Colleen is also an individual qualifier.

The Freshman-Sophomore Eight-Person Team: sophomores Jamie Goss, Amanda Labuz, Meg Shinnick and Samantha Swiatkiewicz and freshmen Colleen Barr, Tahra Eissa, Emily Kemnetz and Maura Lakowski.

The Pre-Calculus Team: seniors Becky Dieschbourg, Seul-Ki Kim, Young Kim, Liz Labuz, Libby Nufer and Emi Rodin. Libby and Emi are also individual qualifiers.

Junior Anna Bohlke, a member of the Algebra II Team, is an individual qualifier.

Mathletes is open to all high-achieving math students at Regina Dominican.

Team members practice weekly, October through April, to prepare for the Illinois Council of Teachers of Mathematics (ICTM) regional and state competitions.
